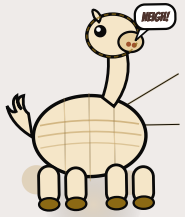
⚔ MEET THE CAST ⚔

SIR FORKSWORTH

THE FORK — brave knight with four shining tines. Guards the **LEFT** of the plate. Rides Noble Serviette into battle! ⚔

NOBLE SERVIETTE



THE NAPKIN — Sir Forksworth's trusty steed! Folds to the **FAR LEFT** of everything, furthest from the plate. The steed arrives first! □

SHADOW BLADE

THE KNIFE — sneaky villain with sharp blade. Blade ALWAYS faces **inward** toward plate. Goes on the **RIGHT**! 😈

LADY SPOON

THE SPOON — gentle damsel who needs protecting! Hides to the **RIGHT of the Knife**, furthest from battle. □

□ **REMEMBER:** The napkin (Noble Serviette) is Sir Forksworth's horse! Placed **FAR LEFT**, before the fork!

⚡ STEP1 ⚡

THE BATTLEGROUND APPEARS! □

Place plate in the CENTER! □

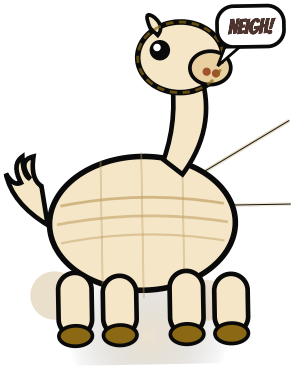
Every great battle needs a battleground. The plate is the stage where all the characters take their places!

1 Pick up the **plate** □
Put it in the **middle** of the table, right in front of where you will sit.

□ **Remember:** The plate never moves — everything else goes *around* it!

STEP2

THE NOBLE STEED ARRIVES!



I go to the FAR LEFT!

2 Pick up the **napkin**

Fold it into a neat rectangle.

Place it **FAR LEFT** — the steed's stable!

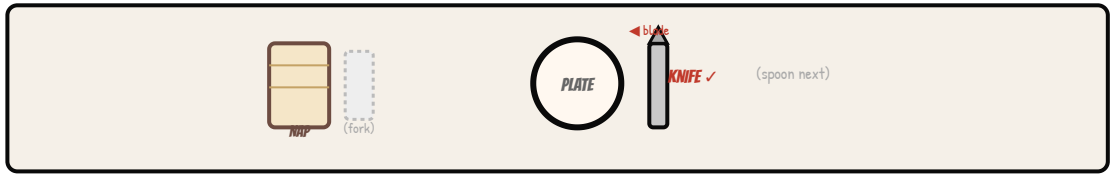
Before any knight can charge, they need a Noble Steed! The napkin gallops to the far left — waiting to carry Sir Forksworth!

Tip: The napkin is the FIRST thing placed. Far left, furthest from the plate!

⚡ STEP 3 ⚡

THE VILLAIN LURKS!

I lurk to the RIGHT! 😈



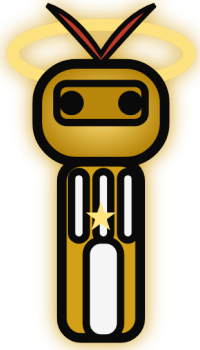
3 Pick up the **knife** □
Place it to the **RIGHT** of the plate.
Blade faces **LEFT** (toward the plate).

The Shadow Blade creeps RIGHT — but his sharp edge ALWAYS points toward the plate, never outward!

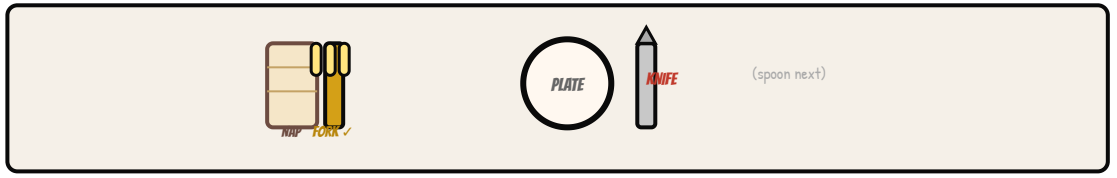
⚠ **Safety:** Blade always faces *inward* — proper manners AND keeps everyone safe!

⚡ STEP 4 ⚡

SIR FORKSWORTH MOUNTS HIS STEED!



Knight & steed guard the LEFT! ⚔



4 Pick up the **fork** □
Place it **LEFT** of the plate, beside the napkin steed.
Tines point **upward**.

Sir Forksworth mounts the Noble Steed and charges LEFT! Knight and steed stand together — tines raised high — guarding the battleground!

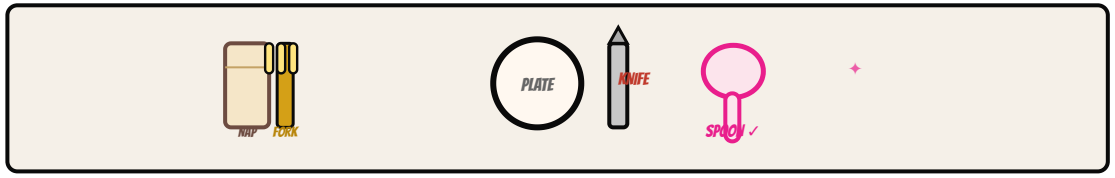
□⚔ **Remember:** Napkin + Fork go together on the left. The steed and knight are never separated!

⚡ STEP 5 ⚡

LADY SPOON IS SAFE!

SAVE ME!

Safe to the RIGHT of knife!



5 Pick up the **spoon**

Place it **RIGHT** of the knife — furthest from plate.

Round bowl faces upward.

Lady Spoon takes her safe place far right — protected by the knife between her and the battle!

Tip: Knife + Spoon are both on the right. Spoon is always furthest out!

THE BATTLE IS SET!
